SA Gutter Guard  
PO Box 525  
GREENACRES SA 5088

To Whom It May Concern

Steve Giddo of SA Gutter Guard was recommended to us when we were looking for fine resistant gutter guard for the hospital.

We have many significant gum trees on our property which cause a huge amount of work for our maintenance department. We had three companies attend our site and give recommendations and quotes. After researching all avenues we employed Steve to do the job.

Due to the rain consideration to OHS&S was paramount. Steve worked in a methodical and safe manner and completed the job very efficiently.

Whilst installing the gutter guard Steve liaised with the maintenance officer and advised of items needing repairing and added extra down pipes where required.

I would highly recommend Steve and his product to any company.

Yours sincerely

Wendy Thomas  
Materials Manager
